## EDITORIAL PROFILE

Roofing Today is the largest circulation UK roofing trade magazine, with 10,000 printed copies distributed by post and 15,000 digital copies distributed via email. Our circulation is certified by media industry watchdog, the Audit Bureau of Circulations (ABC).

To maintain Roofing Today's editorial integrity we publish only non-promotional articles, unless in a paid-for space. However, we credit articles with by-lines, publish an author picture and authorial or company information, including contact details.

Articles may be technical, opinion or thought-leaders, reports or commentary on current news topics, market analysis, explain installation and best practices, explore research and development or profile a manufacturer, roofing contractor or industry figure.

We will select articles that will appeal to our professional and demanding readers who are roofing and general contractors; architects, surveyors, civil engineers and other specifiers; MCS solar installers; housing associations, developers and builders; roofing merchants, and professionals from the education and public sectors who are involved in roofing.

The editor is pleased to discuss editorial ideas by telephone on 0151 708 0070, or to receive a brief synopsis by email at [editor@roofingtoday.co.uk](mailto:editor@roofingtoday.co.uk).
